All medical benefits subject to benefit year deductible unless specifically noted. Benefit limitations are a combination of in-network and out-of-network benefits. Deductibles, coinsurance, and copays apply to out-of-pocket maximums. The Individual Deductible applies to policies with only one family member enrolled. Policies that include more than one family member are subject to the Family Deductible.

All plans are subject to a twelve (12) month waiting period for pre-existing conditions except when a condition is disclosed on the application at the time of medical underwriting and the policy is approved. Preexisting condition means the existence of symptoms which would cause an ordinarily prudent person to seek diagnosis, care, or treatment, or a condition for which medical advice or treatment was recommended by or received from a provider of health care services, within 12 months preceding the effective date of coverage of the insured.

Qualified High Deductible Plans shown on this page have Mental Health Rider coverage built into the rates. All care must be coordinated through Coventry's mental health and substance abuse vendor. Refer to your broker or the Rider for details.

This summary is a partial description of coverage and does not detail all benefits, limitations and exclusions. Please consult the Member Contract, Schedule of Benefits, and applicable Riders to determine the exact terms, conditions and scope of coverage.
